MAPPEDSKILLS · B2 · DESIGN ONLY

Six pages, one path from enquiry to answer.

/how-it-works, /pricing, /about, /faq, /contact and /thank-you, designed to sit beside the approved homepage, Google Ads, Meta Ads, audience pages and /services. Baseline main a1cc927. Nothing here is implemented.

FRAME	PAGE	THE JOB OF THE PAGE	SIGNATURE VISUAL
1	/how-it-works	Remove fear of the unknown before the first conversation	Process ledger with a dark approval gate
2	/pricing	Make the money logic clear without a number	Two-stream payment diagram and a proposal sheet
3	/about	Earn trust from philosophy and focus, not invented credentials	Dark belief stage, specialisation split and verified case studies
4 to 5	/faq	Answer buyer concerns in plain language	Concern groups, native disclosure, expanded state
6 to 7	/contact	Make it easy to explain the business	One form, two intentions, five states
8 to 9	/thank-you	Confirm without promising a time	Receipt with the next step and three variants

Evidence labels used in the review document: VERIFIED FACT (read from origin/main or the live site), OWNER REQUIREMENT, WORKING HYPOTHESIS, UNKNOWN. Amber dashed boxes mark facts that are missing and must come from the owner. Illustrations are conceptual and carry no data.

HOW WE WORK

No mystery about what happens next.

From the first conversation to the monthly review, here is how we plan, launch and manage your Google Ads and Meta Ads. You see the plan before any work starts.

Discuss Your Advertising ↗

See the five steps ↓

How the work usually runs. A straight line, in 5 stages. A diagram of the process, not a timeline.

THE FIVE STEPS

How the work usually runs.

STEP 1

Assess

WE DO
Review how your business, website and any campaigns already running work today.

YOU DO
Tell us about your business, offer and customers. Give us proposal access to your accounts.

YOU RECEIVE
Our findings

STEP 2

Plan

WE DO
Recommend where to advertise first, what to include and what to fix before spending money.

YOU DO
Read the proposal and tell us quickly. Tell us what you know about your customers.

YOU RECEIVE
A plan and a proposal that sets out scope, fee and how we report

Nothing starts until you say yes.

Before any work begins you will have seen what we found, what we recommend and what it costs. If advertising does not suit your business yet, we will tell you so.

YOUR PROPOSAL SETS OUT

- The services we recommend
- The scope
- The deliverables
- How we report
- Our fees

STEP 3

Launch

WE DO
Build and launch the agreed campaigns.

YOU DO
Keep ad spend with the platform. Give quick answers when we ask.

YOU RECEIVE
Live campaigns, built to the plan you approved

STEP 4

Test

WE DO
Run different ads, adjust budget to results call for it and review where people land after they click.

YOU DO
Reply to enquiries and follow them up. Quick replies matter.

YOU RECEIVE
The changes we make, in your monthly report

STEP 5

Review

WE DO
Compare with your starting point and say what worked, what did not and what we suggest next.

YOU DO
Read the report. Join the review call where your proposal included. Decide what happens next.

YOU RECEIVE
A monthly performance report, and review calls where agreed

Businesses offer, so the detail of each step does too. Your proposal sets out what applies to you.

YOUR PART

What we will need from you.

We plan, run and report on the agreed advertising. You provide access and knowledge, make decisions and follow up the enquiries that come in.

Agreed separately

Website, landing page and tracking changes. Creative beyond the agreed designs, such as reels, video and scripting.

Access

To your website, ad accounts and wherever enquiries arrive.

What you know

Who your customers are and what they ask before they buy.

Quick decisions

Work that waits weeks for a yes loses momentum.

Replies to enquiries

Your team replies to enquiries and follows them up. Quick replies matter, and that part sits with you.

EVERY MONTH

You see what changed, and what we cannot see.

Before we change anything we note where things stand. Each month we compare with that starting point, and say what we did.

1 · STARTING POINT

Where things stood before we began.

2 · WHAT CHANGED

This month, compared with your starting point.

3 · WHAT'S NEXT

What we suggest for the coming month.

The shape of one report. Illustration, not real data.

What the numbers cannot always show

Tracking helps a lot, it is never complete. We point out the gaps instead of hiding them.

Phone, then laptop
Someone who browses on a phone and enquires on a laptop can look like two people.

Tracking declined
If a visitor says no to tracking, we respect it. The enquiry arrives without a source.

Calls, emails and shared links
These often arrive with no record of how the person found you.

Small numbers
When numbers are too small to tell, we will not claim a change caused a result.

A missing source does not make an enquiry any less real.

More questions and answers ↗

QUESTIONS

Asked before the first call.

Do I have to commit before I see a plan?

No. You see our findings, a plan and a proposal first. Nothing starts until you say yes.

Can you guarantee more enquiries or sales?

No. We do the work we agreed and show what changed.

Who replies to the enquiries?

Your team does.

More questions and answers ↗

Judge us on the enquiries, not the traffic.

Tell us about your business and what you want advertising to achieve. We will reply by email or WhatsApp to talk it through. Nothing starts until you approve it.

Discuss Your Advertising ↗

PRICING · EVERY QUOTE IS TAILORED

Pay for the work your business needs.

There is no price list. We look at your business, recommend what is worth doing and explain the cost before any work begins.

Discuss Your Advertising ↗

How you get a quote ↓

WHAT SHAPES THE MANAGEMENT FEE

Three things decide the quote.

The more there is to do, the more the work costs. These are the three things we look at.

01

What you need

Google Ads, Meta Ads or both. New campaigns, or campaigns already running that need reviewing.

02

What needs fixing

Your website, tracking and existing setup.

03

How much work is involved

Ad designs, competition and ongoing management.

WHERE EACH PART SITS

What the fee covers, and what does not belong to it.

INCLUDED IN MANAGEMENT

Our management fee

- Planning campaigns around your offer and customers
- Running them and adjusting your budget as results call for it
- Testing different ads
- Reviewing where people land and what we find
- A monthly performance report with ongoing work, and review calls where your proposal agrees them

AGREED SEPARATELY

Scoped on its own

- Website, landing page and tracking changes
- Creative beyond the agreed designs, such as reels, video and scripting
- For Meta Ads, your proposal sets a defined number of static ad designs

PAID TO THE PLATFORM

Your ad spend

- Paid directly to Google or Meta
- Not part of our fee

No one can honestly guarantee results, so we do not. Review calls are included where your proposal agrees them.

BEFORE YOU COMMIT

The written proposal is what counts.

Your written proposal confirms the agreed scope, deliverables, fees and terms.

> Nothing here is a price list, a package or a promise of results.

YOUR PROPOSAL SETS OUT

Built around your business

01 The services we recommend

02 The scope

03 The deliverables

04 Our fees

05 The proposed duration and terms

06 Work agreed separately

07 How we report

HOW YOU GET A QUOTE

Three steps, and you decide.

01

Tell us what you need

Share your business, goals and challenges.

02

Get a clear proposal

We recommend the scope and explain the cost.

03

You decide

Nothing starts until you approve it.

ADVERTISING TENDS TO WORK WHEN YOU

already sell or are close, can follow up enquiries promptly, know roughly what a customer is worth and can invest enough to learn what works.

IT MAY BE PREMATURE IF

your offer is untested or you cannot follow up enquiries yet. If so, we will tell you.

Know what you are paying for.

Tell us about your business and what you want advertising to achieve. We will reply by email or WhatsApp. Nothing starts until you approve it.

ABOUT MAPPEDSKILLS

An advertising agency that answers to your enquiries.

We plan and manage Google Ads and Meta Ads for growing Indian businesses. We are independently operated, and we want to be judged on the enquiries your advertising produces, not the traffic.

Discuss Your Advertising ↗

See how we work ↗

WHAT WE ARE

A specialist, on purpose.

CAPTURE · CONVERT · ENQUIRY

Google Ads and Meta Ads are our core work. Everything else we do supports them.

How we plan the work. A diagram of the approach, not measured results.

WHAT WE BELIEVE

Traffic is not the finish line. Enquiries are.

Show the path

From the search or the scroll to the enquiry. If the path cannot be seen, it cannot be judged.

Say what we can measure

Tracking is never complete. We report the gaps instead of a tidier number.

Claim only what we can support

No guaranteed outcomes. We commit to the work and how we do it.

WHAT WE FOCUS ON

Two ways to reach buyers. Nothing to dilute them.

THEY SEARCH

Google Ads

Reaches people already looking for what you sell.

Explore Google Ads ↗

THEY BROWSE

Meta Ads

Introduces your offer to people on Facebook and Instagram who were not looking yet.

Explore Meta Ads ↗

We also offer SEO, AI search, conversion optimisation and lead generation as supporting services. They are there to help your advertising work, not to replace it.

HOW WE WORK

What you can count on.

A clear plan

You approve the approach and scope before we begin.

Honest measurement

Monthly reports show what is working and what needs attention.

Straight answers

We tell you what we recommend, and what the data cannot tell us.

Who does what

Our part	Your part
Managing your advertising.	Responding to enquiries and closing sales.

We commit to the work and how we do it, not guaranteed outcomes.

See how the work runs ↗

OUR WORK

The work behind the offer.

GOOGLE ADS · EDUCATION AND TRAINING

AnyBodyCanBake

A Pune online baking school that needed more students for its eggless and healthy baking courses.

Read the Google Ads case study ↗

META ADS · REAL ESTATE

Om Sai Developer

A Chembur developer that needed enquiries from people interested in its project.

Read the Meta Ads case study ↗

For journalists: press releases and our media contact are in the newsroom.

Visit the newsroom ↗

Tell us what is not working.

A few lines about your business and what you want advertising to achieve is plenty. We will reply by email or WhatsApp. Nothing starts until you approve it.

QUESTIONS, ANSWERED PLAINLY

What owners ask before they start.

Short answers, in plain language, including the ones that cost us work. If yours is not here, ask us.

Is it right for us? · Cost and commitment · F

Still deciding?

Nothing starts until you have seen the plan and approved it. A call is there if you would rather talk. It is not required.

See how it works ↗

18 questions in 6 groups. Each opens and closes by itself, with or without JavaScript.

Open all answers

Is it right for us?

Where to start, and when to wait.

3 QUESTIONS

- Should I start with Google Ads or Meta Ads? +
- Is my business ready for paid advertising? +
- Can you work on campaigns we already run? +

Cost and commitment

What you pay, to whom, and for how long.

4 QUESTIONS

- How much does it cost? +
- Is the ad budget part of your fee? +
- Is there a minimum commitment? +
- Who creates the ad creative? +

Results

What to expect, and what we will not promise.

3 QUESTIONS

- Can you guarantee results? +
- How long before we see a difference? +
- What are you responsible for? +

Measurement

How we count enquiries and what tracking cannot see.

2 QUESTIONS

- How do you know where an enquiry came from? +
- What counts as a qualified enquiry? +

Working together

How it starts, what we need and what stays yours.

4 QUESTIONS

- Do we have to start with a call? +
- How will we know how it's going? +
- What access do you need, and what do we keep? +
- Are we a good fit for MappedSkills? +

Beyond paid advertising

AI search, kept so existing links still work.

2 QUESTIONS

- Can you get our business into ChatGPT and AI answers? +
- Is GEO or AEO different from SEO? +

Ask us. You will get a straight answer.

Tell us what is going on in your business. If we are not the right fit, we will say so.

MappedSkills

Menu ≡

STATE SPECIFICATION

One question open, others closed.

Native disclosure. Opens by click, tap, Enter or Space. A link such as /faq#q-how-long-before-anything-changes opens its question on arrival. Nothing else opens by itself.

18 questions in 6 groups. Each opens and closes by itself, with or without JavaScript.

Open all answers

Results

What to expect, and what we will not promise.

3 QUESTIONS

Can you guarantee results? +

How long before we see a difference? −

It depends on your offer, market, budget and how quickly enquiries are answered, so we do not promise dates.

Google Ads. Campaigns can start producing measurable activity fairly quickly. How soon, and what results follow, varies.

Meta Ads. We test ads and report what we learn each month, so you can see what is changing. We do not give a date for results.

A broken enquiry form. Simple problems can be fixed quickly. Complex ones depend on what we find, the access we have and what needs to be built.

Before we change anything we record where you are starting from, then report what changes each month.

What are you responsible for? +

Specification

- Open state: Paper surface, 4px tangerine rule on the left, minus icon on Ink.
- Tap target: the whole question row, at least 64px high; icon 44px.
- Visible text and FAQPage structured data come from one array, as today. Question ids stay unchanged so existing links keep working.
- No JavaScript: every answer remains openable and the Open all control is hidden.

CONTACT

Let's talk about your business.

Tell us what you're looking for. We'll get back to you to discuss the next steps.

01 Send an enquiry or request a call

02 We get back to you

03 We agree the next step together

Get in touch

Takes about a minute

How would you like to start?

● **Send an enquiry**
Ask a question or tell us what you need.

○ **Request a call**
We'll contact you to arrange a conversation.

Full name (required)

Business email (required)

Phone / WhatsApp number (required)

Include your country code. Indian mobile numbers can be entered without +91.

What do you need help with? (required)

Select an option ⌄

Tell us a little about your requirements (required)

What challenges are you facing, or what would you like to achieve?

Send enquiry ↗

We'll reply by email or WhatsApp.

We use these details only to respond to you. Privacy policy.

Helpful to mention, if you can

What your business sells, what you want advertising to achieve, and what is running now. Rough numbers and open questions are fine.

WHAT WE'LL TALK ABOUT

One conversation, three things.

01

Your situation

What's working and what you'd like to improve.

02

Your goals

What matters most to your business.

03

The next step

Whether and how MappedSkills could help.

No presentation needed. Just a conversation.

Google Ads

Tell us a little about your requirements (required)

We run Google Ads already and want to check where enquiries are coming from.

Send enquiry

We'll reply by email or WhatsApp.

We use these details only to respond to you. Privacy policy

Behaviour

- Says plainly that nothing was saved. Everything typed is kept.
- No fallback phone or email is offered, because the published numbers are never blocked.

D · CALL REQUEST INTENTION

Get in touch

Takes about a minute

How would you like to start?

- ( ) **Send an enquiry** — Ask a question or tell us what you need.
- (•) **Request a call** — We'll contact you to arrange a conversation.

Full name (required)

Asha Mehta

Business email (required)

asha@example.com

Phone / WhatsApp number (required)

+91 98765 43210

Include your country code. Indian mobile numbers can be entered without +91.

What do you need help with? (required)

Google Ads

Tell us a little about your requirements (optional)

We run Google Ads already and want to check where enquiries are coming from.

Preferred time to be contacted (optional)

Weekdays 2 to 5 PM IST

For example, weekdays 2 to 5 PM IST. This helps us plan, it isn't a booking.

Request a call

This sends a request, not a booking. We'll contact you by phone, WhatsApp or email to arrange a time.

We use these details only to respond to you. Privacy policy

Success

- 2.0x response sends the visitor to /thank-you. That is the only success state, the form shows none of its own.
- Intention follows "Intent=call and the toggle. Switching either way keeps everything typed, as frames B and D require with the same values. Only the call-only time field and its error come and go.
